

OUR PROFILE

Managed by a team of highly qualified and competent engineers with vast experience in their respective disciplines, DANWAY maintains high standards of quality, customer service and technical support. With over 2,500 employees comprising of 300 Engineers & Executives, 200 Administrative Staff and 2,000 Site Workforce as one of the most valuable assets. Danway can take up projects of any magnitude.

DANWAY has headquarters in Dubai and branch offices in Abu Dhabi, Oman, Qatar & Bahrain. As part of its vision to be an internationally respected Engineering and Contracting Company offering comprehensive solutions in the EPC field, DANWAY is actively planning to extend its operations to other countries in the Middle East. To further consolidate its position, DANWAY has implemented ERP solutions from SAP, adopting industries best practices and creating transparency at all levels of the business.

With a history dating back to 1976, DANWAY over the last four decades has transcended into a leading Engineering and Contracting enterprise in the Infrastructure, Industrial, Energy, Oil and Gas sector within the UAE and the Middle East.

Danway Electrical and Mechanical Engineering, Danway Emirates and Danway LLC which comprises the DANWAY Group of Companies has a long and successful track record of delivering expert engineering products and technical services across the project value chain. Today, the company operates as a fully owned subsidiary of AL NOWAIS Investments, a conglomerate established in the UAE that tenders diversified interests in power, water, oil and gas as well as industrial projects within the region.
